

Harshana Dwaralu Srinivas

Master's Student – Computer Science | Software Development | Data Analytics

✉ harshanads2015@gmail.com ☎ +4917677547826 📍 Aalen, Germany 🌐 Harshana Dwaralu Srinivas

SUMMARY

I'm a master's student focused on Machine Learning and Data Analytics, with a solid background in software development and data-driven systems. I've built structured applications in Python and Java, and I'm eager to put what I've learned into practice on real projects. I like taking the lead on tasks, learning new skills as I go, and working with others to get things done.

EDUCATION

Master of Science – Machine Learning & Data Analytics
Hochschule Aalen (2025 – Present)

Bachelor of Engineering – Information Science & Engineering
East West Institute of Technology (2019 – 2023) | CGPA: 8.2/10

SKILLS

Programming Languages: Python, Java, SQL

Relational Databases: MySQL

Machine Learning Techniques: Regression, Classification

Data Visualization Tools: Matplotlib, Seaborn

Libraries and Frameworks: Pandas, NumPy

Tools: Jupyter Notebook

Concepts: Data Structures, Object Oriented Programming

Soft Skills: Communication, Team Collaboration

PROJECTS

Smart Diagnosis and Prescription System

Python, Machine Learning, IoT

- Built a real-time onboard health monitoring system using ML algorithms for early diagnosis.
- Processed sensor data (temperature, ECG, BP) using Python and data-cleaning pipelines.
- Implemented rule-based and ML-based prescription suggestions.

Weather Prediction System

Python, Scikit-Learn, Pandas, Regression Models

- Analysed weather dataset containing temperature, wind speed, precipitation.
- Evaluated multiple models (Random Forest, Decision Tree, Linear Regression).
- Selected best model through feature selection + accuracy comparison.
- Built a complete ML workflow: preprocessing → training → evaluation.

CERTIFICATES

- Java Full Stack Course – Pentagon Space
- Elements of Data Science – AWS

PERSONAL COMPETENCIES

- Strong ownership of assigned tasks
- Structured and organized work approach
- Quick learner with high perseverance
- Team-oriented and communicative
- Open to new technologies and challenges

LANGUAGES

English - C1 German - A2
